### *About Barbershop Harmony*

Barbershop harmony is defined as four voices singing a cappella (without instruments), with the tenor part above the lead (melody). The bass is always the lowest part, while the baritone part wanders above and below the lead part, to fill in the chord. It was very popular in the late 1800s, as men gathered in

neighborhood barbershops and harmonized by ear. The Barbershop Harmony Society, formerly known as SPEBSQSA (Society for the Preservation and Encouragement of Barber Shop Singing in America), was formed in 1938 to preserve this unique American musical art form. Learn more at "[www.barbershop.org](http://www.barbershop.org)".

### *About The Community Table*

Each year, proceeds from the Hearts in Harmony performance go to a local charity. This year's beneficiary is "The Community Table" in Eau Claire, which serves hot meals to those in need of food and hospitality. For more info, see "[www.thecommunitytable.org](http://www.thecommunitytable.org)".

### *About the Heyde Center for the Arts*
