Making their Stage Debut today at the Heyde Center (they've already done the TV thing last Friday) is the **FISH Forte** Quartet from Chippewa Falls Senior High School. Inspired by the CHIPS Quartet, who has often made visits to Chi-Hi and sang on their choir concerts, these boys decided to call themselves "Four Idiots Singing Harmony." (F.I.S.H.) That way, when they perform in a double-quartet with

their mentors, they can call their extended group "FISH & CHIPS." Left to right: **Andy Stoll** (tenor), **CJ Rislove** (lead), **Nick Mason** (bass), and **Simon Arneberg** (baritone).

Emcee **Jay Bouley** considers himself to be a musicologist of primarily pop music, honed during his 18-year radio career. As an avid appreciator of nearly all musical styles, Jay is excited to be a small part of today's program. When he's not listening to music, he's listening to customers and solving their automotive needs at Markquart Toyota.

The **Northern Lights Chorus** is a group of singers from the Dunn County Chapter of the Barbershop Harmony Society, under the direction of **Dan Heike** (lead of the newly-crowned World Champion Seniors Quartet, **St. Croix Crossing**). They meet every Tuesday night in Colfax, and are always looking for more singers to join the 21 men in their ranks. Check out their annual show on Saturday, April 14, featuring a great quartet from the Twin Cities, **Vocality!** More info: "DCBarbershop.org".

Proceeds from today's concert will benefit the Chippewa Valley Free Clinic, whose mission is to provide quality health care and advocacy for individuals who have no reasonable health care alternative. Established in 1997, the Clinic is a primary care facility that depends on volunteers and generous community support.

### ***About Barbershop Harmony***

Barbershop harmony is defined as four voices singing a cappella (without instruments), with the tenor part above the lead (melody). The bass is always the lowest part, while the baritone part wanders above

and below the lead part, to fill in the chord. It was very popular in the late 1800s, as men gathered in neighborhood barbershops and harmonized by ear. The Barbershop Harmony Society, formerly known as SPEBSQSA (Society for the Preservation and Encouragement of Barber Shop Quartet Singing in America), was formed in 1938 to preserve this unique American musical art form. Learn more at "www.barbershop.org".

### ***About the Heyde Center for the Arts***

The Heyde Center for the Arts is the crown jewel of the CVCA (Chippewa Valley Cultural Association). Built in 1907 as a Catholic high school, it sat abandoned for years until its restoration in 2000.
